SPENDING LIMIT ENROLLMENT FORM

○ I, hereby enroll the account number(s) in the attached mobile plan details page under Globe Telecom, Inc. ("Globe") Spending Limit Program

NOTES:

1. Spending Limit refers to the amount that the subscriber is willing to spend for his/her mobile usage incurred on top of his/her Monthly Recurring Fee within a specific billing period. A minimum Spending Limit amount of P500.00 is required per subscription. Subscribers enrolled to the Spending Limit Program will receive notifications once the unbilled charges have reached certain thresholds as determined by Globe.

2. At Globe's sole discretion, the subscriber's plan may be automatically barred from performing outgoing services once the subscriber's plan has reached the assigned Spending Limit. Outgoing services include free calls, texts, data consumable and unlimited services. To restore outgoing services, subscriber must settle 50% of the Monthly Recurring Fee or manually request for reconnection after settling 50% of the unbilled charges of the subscription. Reconnection is free of charge.

3. The Spending Limit Program is designed to help subscribers manage their spending. However, Globe disclaims any warranty that the Spending Limit Program will prevent the subscriber from any bill shock experience, as applicable, given certain limitations of the Spending Limit Program.
