APD Memo-2023-01-001
Accounts Payable Department Memorandum

TO: ALL SUPPLIERS

FROM: ACCOUNTS PAYABLE DEPARTMENT

RE: REQUISITES ON REQUESTS FOR PAYMENT

To expedite and to maintain smooth flow of the processes on requests for payment, the following requisites shall be complied by suppliers for each and every delivery:

1. Two (2) copies of sales invoice (SI) and/or a copy of delivery receipt (DR). The said documents shall be valid and be completely filled-up including provision for value added tax (VAT) if applicable. If breakdown of computation is not provided, the figure reflected as total amount will be presumed to be the total invoice amount. This is applicable for partial and successive deliveries.

2. SI is considered completely filled-up if details for dates, corporate/business name, business address, tax identification number (TIN), business style, purchase order (PO) reference or supplier's copy of PO, quantity, item description, cost and breakdown of computation are all provided. This is consistent with Purchasing Department Memorandum 2023-01-001.

3. Provided further, SI will not be an evidence of claim for payment unless signature and complete name of the authorized representative of the warehouse or any branches are secured by the supplier. This will signify due acknowledgement that goods are received in full and in good condition. This is applicable to the accompanying documents.

4. If only the original sales invoice will be provided, the same will be photocopied and be stamped with "Certified True Copy". The said remedy will be complemented with signature and complete name of the authorized representative of the supplier.

5. As additional payment monitoring and reconciliation of aging of accounts, suppliers are required to provide statement of account (SOA) to Jathnier Corporation and its affiliates on a regular basis every first week of the month.

This shall take effect once approved.
