INVENTORY process

Responsible Person:
Warehouse Inventory Analyst

Process:

ENCODING

1

ENCODING OF INVENTORY MOVEMENT(
Receipts, Issuances, Returns, Damages)
I encode tanang movement sa IN and OUT on a daily basis.Siguraduhon nga timely ang pag encode aron makita ang inventory on hand. I review ang na encode nga data aron sure sure.

Responsible Person:
Warehouse Inventory Analyst

Process:

GENERATION OF REPORT

2

GENERATION OF INVENTORY ON HAND/EXPECTED STOCK
After ma encode tanang inventory movement, automatic makita dayun ang ending balance per item.
NOte: Review ang mga formula aron tama ang ma generate na report

3

Iprint ang inventory report showing only the items, uom and stock on hand/expected stock on hand for validation

Responsible Person:
Inventory/Cost Analyst and WH Analyst

Process:

VALIDATION

4

VALIDATION OF INVENTORY REPORT VS ACTUAL/PHYSICAL COUNT

Mag conduct og random inventory count for fast moving items on a daily basis aron macheck ang level of accuracy sa inventory report.
100% or wall to wall inventory count on a weekly basis.
Note: Importante nga makuha ang sakto nga count per item aron walay shortage/overage sa forecasting.

Responsible Person:
Inventory/Cost Analyst and WH Analyst

Process:

RECONCILIATION

5

RECONCILIATION OF VARIANCES
After sa inventory count, makita ang mga wala nag match na quantity sa record vs actual count. Naay mga variances nga makita.
Ang mga variances is gina locate/trace kong asa dapit ang naay problema including sa pag count and documentation
Reconciliation process:
1. Recount - ihapon utro ang item nga naay variance
2. Checking of encoded data (receipts, issuances, return and damages) - i check ang report/file kong na encode ba tanang movement, check ang quantity kong tama ba ang na encode
3. Checking of formula - i check ang template kong tama ba ang mga formula per transaction, wala bay nautro or na delete

6

print and submit inventory report.
For items nga dili na ma reconcile, present to mgt for further discussion and possible adjustment.

END OF PROCESS
