POLICY AND PROCEDURE

TITLE: RETURN AND PULL OUT POLICY AND PROCEDURE

I. Policy

A. No Approved document, NO Return and Pull out transaction.

B. Return/Pull out Schedule shall be twice a month in accordance to delivery schedule.

II. Objective

- To have a clear and smooth transaction of Return and Pull Out transactions.
- To have a documented policy and procedure that everyone must follow.
- To account and monitor all items returned.

III. Scope

- This policy and procedure covers from branch/department to logistic and warehouse.
- This documented policy and procedure applies to all materials used in operation and office transactions. This items include, but are not limited to;

A. Raw Materials – these are direct materials used to produce goods ready for sale.
Note: For Flour, this must be repacked to 25kls using used sack. This is done to prevent more waste.

B. Work in Process – these are direct materials that undergo initial production process such as premix and stuffed materials.

C. Packaging Materials – these are items used to pack finished good products.

D. Tools and Utensils – these are items used in business operations such as Tongs, Knives, Spades, measuring cups, molders, plates and the like.

E. Equipment – these are rollers, mixers, slicers, ovens, Schaffer, electric proofer, grinders, depository, gas range, weighing scale, lifters and trollies, sound system with speakers, POS machine, Computer, printer, telephone and internal modems.

F. Furniture and Fixtures – tables and chairs, pallets, wash basin, emergency lights, medicine cabinet, fire extinguisher and other items
