Dear Ronan Sarbon,

I am writing to confirm that there are currently no issues with the 11 Accounts of Smart Internet connection at our premises. The connection is stable and functioning as expected.

Thank you!

Sincerely

Subject: Proposal to Replace Smart Biz LTE with Globe at Home Prepaid WiFi

Dear Sir,

I propose replacing all Smart Biz LTE modems with Globe at Home Prepaid WiFi (₱999 one-time modem cost) paired with a GoMo SIM (est. ₱200/month for data), offering:

✓ Superior bandwidth & reliability (proven in branches already using Globe)
✓ Data not depleted easily (vs. Smart LTE's frequent mid-cycle shortages)
✓ Cost control: No lock-in contracts, pay-as-you-go data
✓ Flexibility: GoMo SIM's affordable plans (e.g., 25GB for ₱199/month)

Branches Included:
| Tibungco 1 | Bansalan 1 | Matanao | Tibungco 2 | Bansalan 2 | Hagonoy | Ilang | Bansalan 3 | Digos 10 | Sta Maria | Malalag |

Total Costs:
Modems (One-time): ₱10,989 (11 branches × ₱999)

SIM Cards (Monthly): ₱2,200 (11 branches × ₱200)

Approval is requested for this upgrade. Let me know a convenient time to discuss further details.

Best regards,
